Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Karen L. Elbing on April 4, 2000.

~~At claim 26,~~ following "vector of claim", delete "21" and insert therefor --25--.

The following is an examiner's statement of reasons for allowance: The standing rejection of record, a 102 (a) rejection, is withdrawn in consideration of the established change to inventorship U.S. Patent 5,786,464. The document at issue, WO 96/09378 claims priority from U.S. 5,786,464, applicants petitioned to change that inventorship as well, and state that the claims of the two documents are identical (paper #21). The change to inventorship of U.S. 5,786,464 is deemed to indicate that the work is applicant's own work, and the rejection is withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
